

BULLSH*T BOY - BANDINFO

The World is on Fire - and Punk is not dead!

Bullshit Boy is sardonic witty punk rock from Hamburg, Germany including some jaunts into alternative rock - loud diverse and totally DIY!

With female fronted power, the trio hits the right spot with their energetic, clear edge, forward moving sound. Catchy melodies and driving beats inspire to dance and sing along – in English as well as in German.

The 3-piece met in 2019 and are Sabine (lead vocals, guitar – formerly One-Woman-Punk Band *Dark Horse*), local legend Carsten on drums (*Emils*, *Sex Machines*, *Rastaknast*, *Gottkaiser* etc...) and Silvie on bass (*Gottkaiser* etc.).

The band has released their second EP in July 2024, available as a 10" neon pink vinyl as well as on coloured tape, also out as a double EP together with their debut from 2021 in neon yellow!

They are very much enjoying playing gigs all over Germany since 2021 at clubs such as Molotow, Hafenklang (supporting *Ramonas*) and Indra as well as Rock-Am-Berg festival 23 in East Germany.

A highlight in 2023 was a joined gig with Crisis and TantrumZentrum at the Dublin Castle in London with much more to come soon.

Genre: Oldschool 77Punk, Punkrock, GlamPunk, Happy Punk, Riot Grrrl
